More than 51,000 veterans have earned STEM degrees since the inception of the Post 9/11 GI Bill.

Are you interested in a career in the fields of science, technology, engineering or math?

Explore your options with Veterans to Energy Careers.

You tell us where you want to be, and we'll help you navigate getting there.

STEM CAREERS ARE POSSIBLE
Explore your options at veteranstoenergycareers.org
Our goal is to guide veterans, like you, with their strong work ethic and solid work histories, into careers in the sustainable energy industry.

We do this through a combination of formal or technical education, basic career prep, apprenticeships, internships, and/or fellowships based on the needs of each veteran for their desired career.

WHAT YOU GET:

**ONE-ON-ONE**
- MENTORSHIP
- PROFESSIONAL DEVELOPMENT
- TRANSITION SUPPORT

**PAID INTERNSHIP, APPRENTICESHIP OPPORTUNITIES** WITHIN
DoD/INDUSTRY

**PROFESSIONAL EXPERIENCE TO SUPPLEMENT YOUR EDUCATION**
