

Federal Bureau of Investigation Electronics Technician

OFFERING AN EXCITING CAREER OPPORTUNITY

The FBI Electronics Technician (ET) Program is currently seeking qualified applicants to fill positions throughout the United States.

FBI Electronics Technicians install and maintain the Department of Justice’s land mobile radio systems, data network systems, electronic security systems, and provide tactical support within all FBI field offices and facilities, as well as those of other DOJ agencies as necessary.

Qualified applicants should possess basic electronics knowledge, either through experience or training, preferably with certification, knowledge or skills in the following: DC circuits, AC circuits, solid-state devices, digital circuits, integrated circuits, microprocessors, microcontrollers and programmable logic controllers.

In addition to technical knowledge, all applicants are required to successfully complete the following:

- Drug Screening
- Polygraph
- Physical Exam
- Background Investigation

The FBI provides an exceptional benefit package upon employment. Benefits include:

- ✚ Federal Employees Health Benefits Program
- ✚ Federal Long-Term Care Insurance Program
- ✚ Federal Employees Group Life Insurance Program
- ✚ Federal Flexible Spending Account Program
- ✚ Federal Thrift Savings Plan
- ✚ Employee Benevolent Fund
- ✚ Student Loan Repayment Program
- ✚ University Education Program (UEP)
- ✚ Annual Leave
- ✚ Sick Leave
- ✚ Federal Holidays
- ✚ Military Leave

Qualified candidates should email a resume and qualifications to the FBI ET Program Point of Contact for ET Positions:

Brian Gilman
FBI ET Program Manager
Operational Technology Division
ERF Bldg. 27958 A
Quantico, VA 22135
