January 12, 2021

Dear Alumnus:

The Accreditation Board of Engineering and Technology (ABET) who accredits our Electrical Engineering (EE) and Computer Engineering (CompE) programs requires us to publish our educational objectives consistent with the mission of the university, evaluate these objectives based on the feedback received from the program's various constituents, and use the results to improve the effectiveness of the program.

Alumni are one of the important constituents of the Electrical and Computer Engineering Programs offered by our department at San Diego State University. As an alumnus of our program, you can provide us important information to achieve these goals.

In order to receive this input, we have prepared a short survey form that provides necessary information to evaluate and improve our program. I will sincerely appreciate if you can take few minutes to answer the questions on the online survey form at your earliest convenience. Your contribution is much appreciated.

Survey link: <https://forms.gle/beTPEY3bcCYUqWPS7>

The complete information about our program including program educational objectives, mission, curriculum, faculty and others is given on our website: <https://electrical.sdsu.edu/>.

Your responses are strictly confidential. No information will be released that can be traced to an individual response. If you have any questions, please feel free to call me on my cell phone at (734) 765-8321 or contact me via email: [cmi@sdsu.edu](mailto:cmi@sdsu.edu).

Thank you in advance for helping us in this important task.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Mi".

Chris Mi, Ph.D., Fellow IEEE & SAE
