

**San Diego State  
University**

### **Assistant Professor in Electrical and Computer Engineering**

The Department of Electrical and Computer Engineering at San Diego State University invites applications for a full-time tenure-track faculty position in **Optics/Photonics** at the rank of Assistant Professor, with an anticipated start date of August 2023. Qualified applicants must have expertise in optics and photonics including but not limited to the following areas: optical communication networks; integrated photonics and optoelectronics; imaging, sensing, and display; optical AI and computational photonics.

Applicants must hold a Ph.D. in Electrical Engineering or closely related discipline. The successful candidate will be expected to establish and maintain an active externally funded research program, achieve excellence in teaching at the undergraduate and graduate levels, advise students, and participate in departmental governance and university service. The ability to interact with other research groups and create/maintain ties with major industrial players within the broader optics and photonics community will be an asset.

The Department of Electrical and Computer Engineering is strongly committed to excellence in both research and teaching at the graduate and undergraduate levels. The department offers an ABET-accredited B.S. degree program in Electrical Engineering and Computer Engineering, online and on-campus M.S. program in Electrical Engineering, M.S. program in Computer Engineering, and joint Ph.D. program in Electrical Engineering. Additional information about the department and university can be found at <http://electrical.sdsu.edu/> and <http://www.sdsu.edu>.

### **Application Instructions**

Review of the applications will begin immediately and will continue until the position is filled. Applicants must apply via Interfolio: <http://apply.interfolio.com/114462>. Candidates should submit cover letter, curriculum vitae, research/teaching/diversity statements, and names and contact information of three (3) references.

We are seeking applicants with demonstrated experience in and/or commitment to teaching and working effectively with individuals from diverse backgrounds and members of underrepresented groups. Candidates must satisfy two or more of the eight Building on Inclusive Excellence (BIE) criteria. Candidates that meet BIE criteria: (a) are committed to engaging in service with underrepresented populations within the discipline, (b) have demonstrated knowledge of barriers for underrepresented students and faculty within the discipline, (c) have experience or have demonstrated

commitment to teaching and mentoring underrepresented students, (d) have experience or have demonstrated commitment to integrating understanding of underrepresented populations and communities into research, (e) have experience in or have demonstrated commitment to extending knowledge of opportunities and challenges in achieving artistic/scholarly success to members of an underrepresented group, (f) have experience in or have demonstrated commitment to research that engages underrepresented communities, (g) have expertise or demonstrated commitment to developing expertise in cross-cultural communication and collaboration, and/or (h) have research interests that contribute to diversity and equal opportunity in higher education. Please indicate in a separate diversity statement how you meet at least two (2) of these criteria. Additional guidance on our BIE program for applicants can be found at <https://sacd.sdsu.edu/cie/guidance-candidates>.
