Research Experience for Undergraduate Students in Networked Robotic Systems

San Diego State University's National Science Foundation funded Research Experience for Undergraduates NOW ACCEPTING APPLICATIONS!

Join the SysteMs & InteLligEnce (SMILE) Laboratory to participate in designing and experimenting autonomous vehicles, embedded systems, networking, and distributed computing. Develop analytical and research skills.

Research Areas:

- Ground robot design and implementation
- Multi-Robots Networking and Control
- Distributed computing

Quick Facts:

- Program dates: Sep. 1 Dec. 8 (can continue in Spring 2024)
- \$300 stipend per week (15 hours per week)

Eligibility:

- Applications must be U.S. citizens.
- A minimum GPA of 3.0
- Major: Electrical Engineering/Computer Engineering

APPLY NOW!

- Application deadline: until position is filled
- Email your CV to Dr. Junfei Xie at jxie4@sdsu.edu
